

If you like Rebecca Zanetti's military romantic suspense, you'll love the Coded for Love series by Lynne Silver! The Program: an organization of elite soldiers with superior strength, agility, and intellect. These men put their lives on the line to execute the government's most dangerous missions. When soldier Ryan Lopez learns his beloved wife, Thea, has betrayed his team by going to the media and spilling Program secrets, he takes matters into his own hands and punishes her the only way he knows how—by seducing her until she's begging for release. The more Ryan takes control of her body, the more he realizes he's never fully understood Thea's dark desires. And now that he's had a taste, he doesn't want to stop. Testing both their limits in a night of unbound passion, it will take every bit of Ryan's strength to prove to the woman he loves that she is also his conquered match.
