

In the Arizona territory, every mountain hides a fortune and every man fends for himself. Tim Beckdolt is as American as the frontier itself, as rangy and self-reliant as a young Jimmy Stewart. But after spending eight treacherous months digging \$175,000 in gold out of Desperation Peak all he has left is desperation. Two sadistic strangers have taken his gold, and now they want to take his life. He's on the run the target of a Devil's Manhunt. In a time and a place where the only law is the law of survival, Beckdolt will have to live by his wits or die by the bullet. In 1932, Hubbard led a mining crew on a six-month West Indies Mineralogical Expedition in Puerto Rico the first complete survey of the island since it had become an American territory. It was an experience that informs this title with remarkable realism. Also includes two additional Western tales: Johnny, the Town Tamer, the story of a local swindler who meets his match, and Stranger in Town, in which a drifter confronts a corrupt sheriff and his own dark past. Relentless. The soundscape of both music and sound and the spot-on voices make the adventure real. Audiofilemagazine.com an AudioFile best multi-voice production of 2011
