

A contemporary romance. Rebecca Miller is a gifted veterinarian with an extraordinary understanding of animal behavior. She is leading a fulfilling life as the owner and operator of the Animal Friends Veterinary Clinic. Ever since her 30th birthday, her mother has made it her mission to help Rebecca find a man, get married, and give her grandchildren. But Rebecca doesn't see the need for a man in her life. She has her dog, Captain, and that's all the companionship she needs. However, her world changes the day she literally runs into Derrick Peterson, a gorgeously handsome ER doctor. Derrick's experiences with women have taught him that they are vain, silly, and untrustworthy. He keeps his relationships with them brief and superficial. However, he finds himself being irresistibly drawn to Rebecca. She's smart, witty, compassionate, and very different from the women he usually encounters. Will Rebecca be the one to break down the wall he's spent a lifetime building around his heart?
