Realm Immortal, Book Two Queen Tania of the Faeries is tired of waiting for Hugh, the Earl of Bellemare, to come back to her. A year has passed since his commitments pulled him from her side and she's begun to suspect he never intended to return. Disheartened, the queen's mood darkens until she finds she has no choice but to teach the earl a lesson he will never forget--that no human should dare lie to a faery queen. Hugh's hatred of the magical world is well known and he wishes to live out the rest of his life in the mortal realm, doing his noble duty. Too bad his heart hasn't caught up to his head. Thoughts of a tenaciously seductive queen haunt him, even as he knows the woman only wanted him as a plaything for her bed. But it would seem he can't run far enough, for the teasing nymph won't back down and Hugh finds himself at the mercy of a vengeful faery. Warning: This book contains hot sex, violence, a castle full of amorous faeries, a vengeful queen succumbing to her darker thoughts and the human she would make her plaything. This novel contains adult content and is intended for mature audiences only. Must be 18 years or older to read.
