

What happens when the guys want to see the ladies put on a show... but they also want to be part of the show? 19-year-old, formerly untouched Samantha was recruited by older, handsome Captain Thompson to be a flight attendant for the exclusive club of billionaire men that he co-founded and pilots. She soon learned that her job involved serving more than just drinks, and that Captain Thompson wished to take her hard, fast and without protection while a plane full of rich, powerful alpha males watched and joined in. Now Captain Thompson is jealous and wants to have Samantha all to himself. But the other members of the club want to spill their hot juicy liquid in her too. Will a special show put on by Samantha and another female flight attendant, Trudy, displaying how their naked bodies look and act together, convince the guys that even though Captain Thompson is the only one who can seed Samantha, she can still have fun with Trudy during her very first time having a steamy MFF encounter? Or will the male passengers want to join in too? How will Captain Thompson feel if Samantha enjoys the female attention and if the male members help themselves to both females?
