

Sometimes you need to lose all hope in order to find true strength... Two years after losing his teenage daughter to Leukemia, Clay Andrews is still trying to recover. While attending his cousin's wedding, he meets the bride's beautiful younger sister, Allie, and can't get her off his mind. Allie Sarver is emotionally scarred from twenty years of marriage to a cheating and verbally abusive husband. Newly single and riddled with insecurities, the beauty salon owner can't see herself trusting another man ever again. She can't imagine why a man with Clay's sexy good looks would show interest in a drab mother with two teenage daughters. Clay is determined to make Allie see herself through his eyes. Just as they begin to forge a new relationship, his ex-wife returns from France, bearing a soul-crushing secret with the power to destroy his newfound happiness. Will Clay and Allie give up the fight, or will they find a way to hang on to the hope of a promising new relationship? **HANGING On To HOPE** is another humorous, heart-wrenching story by **LORI LEGER** proving that relationships between two mature adults don't have to exclude romance...or searing passion...or the heart-thumping excitement of new love.
