

New to Minecraft? Gamer brothers Hunter and Alex Darnell have got you covered! In Minecraft Beginner Tips, you'll learn: € step by step instructions with large, bright pictures that show you how to build a survival kit of the 10 most important tools to get started with € the 14 naturally spawning locations in Minecraft (with photos of each to help you know which one you are in while playing), which location types are easier or harder to survive in, and survival tips for each biome type € the 17 currently most common monster mob types (as of update 1.8) with photos of each to help you know what they look like, plus tips on where they show up and the best ways to defeat each type € the top 17 Donts that all beginners need to know in order to survive longer € a Farming and Animals section filled with farming tips on how to get your crops to grow faster, plus where to find each type of animal, how to tame pets and relocate and breed animals, and what types of resources or benefits each animal type gives. All together, this book will give you 215 tips along with 73 photos to help even the youngest of Minecraft gamers to enjoy Minecraft as soon as they get started playing. And the interactive linked table of contents makes it easy to skip around to the tips you need when you need them fast, so you can even use this guide while you play.
