

Like any parent, Angel wants to understand his son. But its hard when their different lifestyles keep getting in the way. Angel is overworked, Connors embarrassed by Angels taste for blood, and to make things worse Hyconian demons are running wild through the streets of L.A. Theres not a lot of time for bonding -- and theres even less when a gigantic monolith appears out of thin air, right in the middle of Hollywood Boulevard. Nobody knows what to make of the massive rock with two demon faces etched into its surface. News stations think it is all an elaborate stunt to publicise a movie. Religious extremists hail it as a sign of impending doom. But one thing is certain: as Angel Investigations struggles to make sense of the menacing rock and its meaning, Angel and Connor will have to work together to survive.
