

Dans la veine d'un Bernard de Clairvaux ou d'un Jean de la Croix, Thomas Merton medite librement sur la contemplation, ses moyens et ses buts. Des semences fertiles pour le lecteur d'aujourd'hui. « Ce livre est de ceux qui, dans un monastere, s'ecrivent presque tout seuls. Peut-etre est-ce la raison pour laquelle on en ecrit relativement si peu. [...] Il exprime les preoccupations de presque tous les contemplatifs, selon leurs temperaments et leurs personnalites. Il n'a d'autre objet ou d'autre ideal que ce qui devrait etre l'aboutissement habituel de la vie chretienne de la grace, et par consequent tout ce qui est dit ici peut s'appliquer a tous, moines ou laics. » - Th. M. Compose de libres considerations sur la nature, l'esprit, les moyens et les buts de la contemplation, la solitude, la connaissance de soi, la foi et la sagesse, etc., ce livre est une tentative moderne pour dire ce qu'est la priere contemplative et ce qu'elle n'est pas, a savoir, pour commencer, une recette pour evacuer ses problemes.
