15 Mar - 51 sec - Uploaded by abookutopia I LOVED Anne's other books (Prisoner of Night and Fog series) and I cannot wait to read. If any of the above words interest you in some way, then I definitely recommend to pick Traitor Angels up. There's a perfect blend of adventure. A romantic and exhilarating historical adventure about a girl who must unlock the secrets within Paradise Lost to save her fatherâ€™”perfect for fans of Revolution.

Blankman weaves religion, science, literary genius, poetry, and romance into a mystery that, if solved, could turn the world upside down.

I'm hopeful that Traitor Angels can serve as a gateway to learning, as well as providing hours of great reading entertainment. I enjoy reading. Its sequel less than wowed me, but Traitor Angels sounded SO GOOD and I hoped for Blankman to repeat what she'd done to me the first time.
