

Pack Rogue The Rogue meets the Alpha and their worlds explode. Rogue Kiley Palmer doesn't have a pack. Although deep down, she does want to be part of one, she tries to convince herself she doesn't need pack life. But that all changes when she meets her new mate an Alpha. Austin Winters is visiting a friend when he runs into the one person he never thought he would find his mate. Convincing Kiley she wants him? Not nearly as difficult as getting her to accept her position in his pack. Pack Community A wolf and bobcat come together and change one community, forever. Grayson Mason is worn out and run down from the long months on the road in search of the feline Prince. All he wants is to finish his mission and go back to his Pack. That is, until he meets the one woman who will turn his world upside down. Beth Williams is happy in Coyote Bluff. The community of shifters support one another and she has her brother and nephew. Sure, sometimes she might get lonely, but she's never connected with anyone enough to consider mating. That is, until a new wolf hits town. With the arrival of Gray, she has to rethink her entire life. But there is more going on than just the attraction between the wolf and the bobcat. Gray's search is bringing him closer to finding the Prince but at the same time leading him right into the middle of a feline conspiracy and a battle. Gray finds himself fighting not only for the Prince's survival, but also to protect his future mate. Pack Mates A pack divided brought together by love. Nikki Stratton returns to her Pack to find it split in half between the new Alpha and the older members of the Pack. Worse, there is talk about her oldest brother challenging for the Alpha position. Taking matters in her own hands, she meets with the Alpha's brother RJ. She had no idea they would end up on the floor of his shop hot, naked, and sweaty. RJ Cross supports his brother one hundred per cent, so when Nikki contacts him to find a solution to the Pack problems, he is relieved. He might even be able to come up with some decent ideas if he could keep his hands off Nikki. As final preparation begin for the taking of the shifter world, Nikki and RJ must use everything at their disposal to bring their Pack together and hopefully get their happily ever after.
